

If you wanted to implement a 1984 Orwellian-style Nazi police state, how would you do it? You've got all kinds of measures that you want to impose on people that they wouldn't accept if you do it all at once. The way you'd do it is step by step. And how do you get people to do something they don't want to do? You have to motivate them. How do you motivate them? You motivate them with FEAR, **False Evidence Appearing Real**. That's what they're using on us right now through the media propaganda arm called CBC and CTV. What they got everybody doing though is **Fearing Everything And Running**. Winston Churchill once said "we have nothing to fear but fear itself. "

So what they've got us fearing is a supposed outbreak of coronavirus infections based on an RT-PCR test which the science proves, the inventor of it, stated you cannot use to diagnose and treat any disease because it cannot identify live versus dead, infectability versus non-infectability, and yet they're using the RT-PCR to scare everybody, motivate them with fear into accepting a police state lockdown and ridiculous and unwarranted masking, distancing, and cleansing measures to fight the common seasonal flu. This has to end. The way it ends is with knowledge and information. You need to go to my news website www.cv19news.ca and at least read every article on the homepage, understand what the plan is, how long it's meant to go on, and decide for yourself if you want to allow this to happen in our country.

For those who may just be learning the truth now, they plan progressive waves of outbreaks and lockdowns for the next 5 years!!! They intend to have multiple outbreaks of infections and mutations of the coronavirus, the next one will be called Covid21 in the first quarter of 2021, and they want to crash the economy entirely in order to force you to want their solution. The solution is the scariest thing you've ever heard of in your life. What I'm about to tell you is only a quick summary of the facts I have researched and gathered for the last 10 months. You need to go to the home page and read the article on the hydrogel transfection microneedle vaccine, the Covid19 vaccine they want to roll out, this untested, multi-billion dollar RNA nanoparticle vaccine has been in development for well over 10 years, not 10 months, not one year, but 10 years minimum has been in development. And this article will absolutely put the FEAR into you.

I need to motivate you with fear now because the technology, the truth is out there. We've got the evidence of what they want to do and what they want to inject you with. The scariest part is - this is related to the flu vaccine. Anybody who's had the flu vaccine in the last three years, or especially this season, will be priming their system for ultimate immune system response to everything else they want to send your way which will justify more and more lockdowns, it will aggravate your immune system, and it will require endless numbers of vaccinations for the rest of your short life.

First, I need to tell you more about the RT-PCR Covid19 test. It stands for reverse transcriptase polymerase chain reaction. In a nutshell, here's how the test works. They look for trace particles, genetic fragments of protein molecules in the sample that they take with a nasal swab. That RT-PCR test takes a sample which is so small they need to make copies of it dozens of times to make it large enough to study. Now, if you take the number one and double it, double it, double it, and you do that 25 times, you get 33 Million copies of the same thing. Imagine finding an extremely small metal screw on the street and making endless copies of it. If you keep doubling the size of the sample up to 35 times, you get 34 Billion copies. If you go up beyond that to 40 and 45 amplification cycles, which is what they're now using at all testing facilities to ramp up the Covid case numbers, you get between 1 and 35 TRILLION copies of this one little particle, or sheet metal screw in our example.

Now, Dr. Anthony Fauci himself admits that if you go past 35 amplifications, it is totally meaningless. All you're finding is inactive dead genetic protein material that could be either molecular protein building blocks or waste byproducts from anything including a past infection of the cold, could be from a flu vaccine that you received, or any other shot of any kind. It could be from stress. It could be from diabetes, cancer, or even a Coronavirus exposure you fought off successfully 4 months ago. No way of telling where it came from. Further, he said that you cannot possibly culture anything from that small of a sample which means you cannot possibly be infectious. Thus, silent asymptomatic spreaders and viral shedding is complete

nonsense fake news media-driven junk science fear porn to make you comply with these mandates. Just because we make 1 trillion copies of a sheet metal screw, it does not tell you anything about the nature of the screw, where it came from, or whether it is likely to be "infectious".

Now the inventor of the test, Dr. Kary Mullis, won the Nobel Prize in chemistry in 1993 for inventing this test. He said specifically you cannot use my test for diagnosing or treating any disease because it cannot find it, it cannot measure viral load, it cannot determine infectability, it cannot identify live verses dead, and it can only be used to compare one piece of genetic information to another, and that genetic information can be left over building blocks or waste proteins used for many things. Unfortunately, he died in August 2019 of a heart attack which I find the timing to be highly suspicious because he would have been here right now yelling at the politicians saying do not use this test to justify any lockdowns whatsoever. One expert in the testing field said that they are not just looking for a needle in a haystack, they are blowing the needle up into a haystack through excessive amplifications to try to justify the case numbers and the response to the virus.

An appeals court in Portugal has just ruled that the PCR process is not a reliable test for Sars-Cov-2, and therefore any enforced quarantine based on those test results is unlawful. Further, the ruling suggested that any forced quarantine applied to healthy people could be a violation of their fundamental right to liberty.

Most importantly, the judges ruled that a single positive PCR test cannot be used as an effective diagnosis of infection.

Okay, so the science is there and there are many articles on our site about the RT-PCR test. Please go there and read them and share your knowledge with everyone you can.

Now, let's talk about the hydrogel vaccine. I need to give you a quick summary of that and then you need to go back to the website, cv19news.ca, you need to research the article on the hydrogel vaccine and then spread the word on what Dr. Terry Madej has to say about that because it is absolutely terrifying what they want to put in that vaccine. You need to understand this because they are going to want to force vaccinate everyone with this poison to justify these lockdowns and the economic bailouts.

So, here is the plan for what they are calling the **BIG RESET**. They want to PAY YOU to not have a job through what Trudeau is calling a Guaranteed Income Benefit, which will pay you a living wage of \$2000/mo AND ALL your debts will be forgiven. No loans, no credit cards, no mortgages, nothing. Sounds good right? BUT, here's the catch, you only get these benefits if you give up all of your assets to the government, all your personal property, now and in the future, FOREVER! You will never again own anything but simply rent EVERYTHING you ever need. The BIG condition for being looked after by Big Brother is that you accept this scary Frankenstein Covid vaccine and digital trackable money tied to the injected chip and the Quantum dot

tattoo which will be what Trudeau is calling the Canada Health Pass. Without this, you won't be able to travel, shop, go to church, or even leave your house. EVERYTHING will be ordered online and shipped to your doorstep by drone since you are still considered "infectious" according to the fraudulent RT-PCR test kit trick.

So, given the agenda we now know, let's summarize what will be in this experimental vaccine that will allow you to get back to their "NEW NORMAL".

It is composed of 3 key technologies that currently exist, some patented by Bill Gates and the CDC, and being combined for use in this Covid vaccine.

1. Microneedle Vaccination Patches

This medicinal patch was inspired by the Viper Snake Fang. It is a closely knit matrix of extremely thin and sharp tiny, curved needles that look like a snake tooth. They are mounted on a soft flexible patch about the size of a medium bandage.

Medicines, hormones, drugs, and vaccines can be inserted in the hollow needles which then get under the skin to be easily dispersed throughout the body. It is marketed as a safer and painless way to "take your shot" through self-administration.

Amazon will send you the patch by mail and you will be required to self-inoculate before you will be allowed to leave your house. They plan on successive waves of more severe quarantines over the next 5 years with forced vaccination by the military if you don't cooperate!

2. Luciferase Enzyme Nanoparticle RNA Vaccines

This multi-billion dollar vaccine, called Lucifer-ase, named after Lucifer of course, contains nano-particle robots that will be able to self-replicate within the blood stream and go to work on altering the DNA of healthy cells using RNA reverse transcription modification. The idea is that the vaccine will be coded to work directly with your unique DNA to alter you in such away that you can ward off infections continually, so long as you have the correct vaccine made just for you. Why do you think they want you to get tested? To harvest your DNA code to prepare a personalized vaccine.

This gel will also contain special metallic particles which can both send and receive Wi-Fi signals to the coming 5G system so that your bodily functions can be both monitored and manipulated using your unique IP internet protocol address on the 5G internet of things or IOT.

On 6/6/2020 Microsoft was issued patent number WO2020060606A1 on its body-activated cryptocurrency that will be embedded inside your body to monitor and reward you based on your health or activity. You will be rewarded or punished based on a Chinese-style social credit system for such activities as eating the GMO foods they want you to eat, taking the vaccines they mandate you take, or to grant you travel access to public spaces or parks that they authorize you to visit. Which brings us to the third part of the vaccine called...

3. Hydrogel Transfection Vaccine Delivery System

This vaccine will be in a moisture and temperature activated gel solution that will absorb readily into the skin leaving a permanent mark that proves you have been vaccinated. The technology is convenient, it avoids fraud, and singles out the growing numbers of anti-vaxxers.

Bill Gates has been deeply funding MODeRNA, the front-runner for a Covid19 vaccine. His ID2020 initiative is a quantum dot tattoo system that leaves a mark under the skin that can then be read by ultraviolet light and a smart phone scanner app.

This hydrogel solution will be used in spray-on sanitising equipment installed at the main doors of airports, public buildings, shopping malls, grocery stores, and anywhere else "they" choose to force vaccinate people without their informed consent or even their knowledge. This evil but ingenious delivery system of nanoparticle RNA vaccine is activated by sweat and body heat to cause the sprayed-on gel to be absorbed by the skin so it can begin altering your DNA using reverse transcription.

Finally, I just learned two interesting connections between the testing swabs and the mask requirements relative to the vaccine. First, if Covid is really so infectious that it is spread by saliva, why do we need a 12 inch long swab up our nose to get a sample when a non-invasive spit test should suffice? The real reason is that all of these nasal test swabs contain a magnetic microdot tag with the hydrogel vaccine already on it.

If you got the test, you have already been marked, infected, and are now traceable against your will. This is medical assault and a war crime!

The second connection I just discovered is that the hydrogel vaccine will be applied to the inner surface of the new 3 layer masks so that the warmth and moisture from your breath will heat activate the gel so that you breathe this vaccine into your lungs where it will go to work permanently altering your genetic code!

This covert method of mass forced vaccination of the world, eliminates the need for gaining your approval since you won't even know it is happening! This would not only be criminal assault and battery, but a war crime as prohibited in the Nuremberg Code, country specific domestic Human Rights codes, and the International Humans Rights Code which all protect against forced medical procedures.

If you aren't mad as hell about all this and ready to revolt against this plan, I don't know what else to say to convince you to take action.

Are you going to stand for this?

Are you going to allow these crimes against humanity to continue?

Are you going to allow this new Nazi police state to rise up while you do nothing?

If we don't take our country back from these psychopathic criminal elites right now, you won't have a country left to defend.

There are three types of people in this world,
Those who make things happen,
Those who watch things happen,
And those who wonder what just happened.

Which one are you?

We thank all the brave warriors and lawyers like Rocco Galati and John Carpay for standing up against this tyranny.

Finally, I am reminded of

EPHESIANS 6:12

“For we wrestle not against flesh and blood, but against principalities,
against powers, against the rulers of the darkness of this world,
against spiritual wickedness in high *places*.”

Good is always stronger than evil and we will prevail in the end.

God bless you all and Thank you for your attention!

Dr. Roger Hodkinson, Chairman of the Royal College of Physicians and Surgeons committee in Ottawa, CEO of a large private medical laboratory in Edmonton, Alberta and Chairman of a Medical Biotechnology company SELLING THE COVID-19 TEST: “There is utterly unfounded public hysteria driven by the media and politicians. This is the biggest hoax ever perpetrated on an unsuspected public. There is absolutely nothing that can be done to contain this virus. This is nothing more than a bad flu season. It’s politics playing medicine and that’s a very dangerous game. There is no action needed....Masks are utterly useless. There is no evidence whatsoever they are even effective. It is utterly ridiculous seeing these unfortunate, uneducated people walking around like lemmings obeying without any evidence. Social distancing is also useless..... Positive testing results do NOT indicate clinical infection. It is simply driving public hysteria and ALL testing should STOP immediately....using the province’s own statistics the risk of death under 65 is 1 in 300,000. The scale of the response is utterly ridiculous...all kinds of business closures, suicides you’re being led down the garden path.”
